WORKING EXPERIENCE

UI Designer at XING

Barcelona, Spain. Early 2015 - present

At XING I'm part of an **international team** distributed between Spain and Germany and we are working on B2B E-recruiting products. I'm working on the **interaction and visual design** of these products. I'm also part of the design team responsible for **design patterns** and a Sketch library used by all 50 designers in the company.

Founding UX Designer at TravelPerk

Barcelona, Spain. Early 2015

I was invited by one of the co-founders of TravelPerk to reinvent the way companies book and manage business travels. I crafted the first **wireframes and visual designs** for the first public website and MVP. I also created their first design guidelines book for future designers.

UX Designer at Booking

Barcelona, Spain. Late 2014

I joined Booking in 2014 to work on **user research and user testing** for a new B2B product. After research I was also responsible to create **wireframes and visual mockups** to implement new features in the product. I was working within an **international team** in the Barcelona office and a remote team in Seattle.

UX Designer at log

Lisbon, Portugal. 2013-2014

At log I worked as a consultant in a wide range of projects. I joined the company when we were restructuring the UX methodology for future projects and was involved in research. My tasks ranged from the creation of **wireframes, visual design mockups and coding** prototypes for user testing.

Internship at Biodroid Entertainment

Biodroid, Lisbon, 2012

While I was in university one of my professors invited me to work for his company Biodroid. As a **Front-end Developer** I was responsible for the development of a Samsung Smart TV app for London 2012 Olympic Games. The TV app was entirely made with HTML5, JavaScript (jQuery) and Samsung Smart TV SDK.

EDUCATION

Bachelor's degree in Audiovisual and Multimedia

Lisbon, Portugal. 2010 - 2013

I took my Bachelor's degree in Escola Superior de Comunicação Social and joined with a High School diploma of Science and Technology.

SIDE PROJECTS

Founder of Tint UI

Barcelona, Spain. Late 2015 - present

I'm the founder, designer and coder of tintui.com, a color-picker web tool for designers. This project is one of my hobbies and was featured in popular websites like Designer News and Tympanus, surpassing 10.000 visitors in the first month.

SOFTWARE AND SKILLS

UX: Count me in for Benchmarking, Interviews, Research user needs and insights, Heuristics, User testing, AB testing and Guerilla testing.

UI: Sketch lover. I like to give life to mockups and prototypes using Principle and Invision.
